| Foreword | v |
| Acknowledgments | vi |
| A Note from Series Editors | vii |
| Introduction | viii |
| Contributors | ix |

Section I: Foundations of Rhinology and Endoscopic Skull Base Surgery

| | |
|--|-------|
| 1. Embryology of the Nose and Paranasal Sinuses <i>Michael P. Platt</i> | 3–7 |
| 2. Surgical Endoscopic Anatomy of the Nose, Paranasal Sinuses, and Skull Base <i>Craig R. Villari and Sarah K. Wise</i> | 8–15 |
| 3. Applied Physiology of the Paranasal Sinuses <i>Nithin D. Adappa and Noam A. Cohen</i> | 16–19 |
| 4. Imaging of the Paranasal Sinuses and Anterior Skull Base <i>Rohini N. Nadgir, Elisa N. Flower, Anand K. Devaiah, and Osamu Sakai</i> | 20–32 |

Section II: Rhinology and Paranasal Sinus Surgery

| | |
|---|--------|
| 5. Rhinosinusitis <i>Stephanie Shintani Smith and Rakesh K. Chandra</i> | 35–41 |
| 6. Evidence-Based Medicine in the Diagnosis and Treatment of Chronic Rhinosinusitis <i>Michael S. Benninger and Troy D. Woodard</i> | 42–47 |
| 7. Fungal Diseases of the Paranasal Sinuses <i>Anand K. Devaiah and Bradley F. Marple</i> | 48–52 |
| 8. Evaluation and Treatment of Olfactory Disorders <i>Arthur William Wu and Eric H. Holbrook</i> | 53–57 |
| 9. Allergy and Chronic Rhinosinusitis <i>Elizabeth Mahoney Davis</i> | 58–61 |
| 10. Functional Rhinoplasty: Principles and Techniques <i>Philip G. Chen and Stephen S. Park</i> | 62–67 |
| 11. Rhinogenic Headache <i>Eleanor Pitz Kiell and James Whit Mims</i> | 68–74 |
| 12. Powered Instrumentation in Endoscopic Sinus Surgery <i>Timothy Haffey and Raj Sindwani</i> | 75–81 |
| 13. Advances in Surgical Navigation <i>Lee A. Zimmer, Larry G. Linson, and Angela M. Donaldson</i> | 82–86 |
| 14. Surgery of the Inferior Turbinates and Septum: Principles and Techniques <i>Rosser Kennedy Powitzky, Colby G. McLaurin, and Greg A. Krempf</i> | 87–91 |
| 15. Surgery of the Ethmoid, Maxillary, and Sphenoid Sinuses <i>Edward D. McCoul and Vijay K. Anand</i> | 92–98 |
| 16. Endonasal Endoscopic Frontal Sinus Surgery <i>Amir Minovi and Wolfgang Draf</i> | 99–104 |

| | |
|--|---------|
| 17. Frontal Sinus Obliteration and Cranialization <i>Aaron N. Pearlman and Michael G. Stewart</i> | 105–109 |
| 18. Pediatric Sinusitis <i>Rodney Lusk</i> | 110–115 |
| 19. Complications in Revision Sinus Surgery <i>Troy D. Woodard and James A. Stankiewicz</i> | 116–121 |
| 20. Epistaxis: Surgical and Nonsurgical Management <i>Steven D. Pletcher and Andrew N. Goldberg</i> | 122–127 |
| 21. Powered Endoscopic Dacryocystorhinostomy <i>Brendan C. Hanna and Peter-John Wormald</i> | 128–132 |

Section III: Endoscopic Skull Base Surgery and Related Skull Base Surgery

| | |
|---|---------|
| 22. Endoscopic Orbital and Optic Nerve Decompression <i>Ralph Metson and Jonathan Y. Ting</i> | 135–141 |
| 23. Cerebrospinal Fluid: Physiology and Endoscopic Leak Repair <i>Alkis J. Psaltis, Zachary M. Soler, and Rodney J. Schlosser</i> | 142–150 |
| 24. Endoscopic Surgery of the Infratemporal and Pterygopalatine Fossae <i>Steven D. Pletcher and Ivan H. El-Sayed</i> | 151–156 |
| 25. Benign Tumors of the Nasal Cavity and Paranasal Sinuses <i>Patrick C. Walz, Bradley A. Otto, Daniel M. Prevedello, and Ricardo L. Carrau</i> | 157–165 |
| 26. Endoscopic Surgery for Inverted Papilloma <i>John M. Lee and Alexander G. Chiu</i> | 166–172 |
| 27. Endoscopic Surgery for Juvenile Nasopharyngeal Angiofibroma <i>Candace A. Mitchell, Austin S. Rose, and Adam M. Zanation</i> | 173–183 |
| 28. Minimally Invasive Pituitary Surgery <i>Mitchell Ray Gore and Brent A. Senior</i> | 184–190 |
| 29. Endoscopic Surgery for Clival and Posterior Fossa Lesions <i>Carl H. Snyderman, Paul A. Gardner, Juan C. Fernandez-Miranda, and Eric W. Wang</i> | 191–198 |
| 30. Endoscopic and Endoscopic-Assisted Skull Base Surgery for Anterior Skull Base Malignancy: Management Rationale <i>Bharat B. Yarlagadda and Anand K. Devaiah</i> | 199–208 |
| 31. Endoscopic and Endoscopic-Assisted Anterior Skull Base Surgery for Malignancy: Surgical Considerations <i>Larry A. Hoover and Ashwin Ananth</i> | 209–214 |
| 32. Open Approaches to the Sinuses and Anterior Skull Base <i>David C. Shonka, Jr. and Paul A. Levine</i> | 215–221 |
| 33. Endoscopic Skull Base Defect Repair <i>Satish Govindaraj, Anthony G. Del Signore, and David W. Kennedy</i> | 222–230 |
| 34. Nasopharyngeal Carcinoma <i>William I. Wei and Daniel T. T. Chua</i> | 231–239 |
| 35. Radiosurgery and Radiotherapy for Benign and Malignant Anterior Skull Base Lesions <i>Paul B. Romesser, Nataliya Kovalchuk, A. Omer Nawaz, and Minh Tam Truong</i> | 240–252 |
| 36. Robotics in Endoscopic Skull Base Surgery <i>Nicholas C. Sorrel, M. Kupferman, Ehab Y. Hanna, and F. Christopher Holsinger</i> | 253–259 |
