Seminars in Neurology

Editor-In-Chief(s):

David M. Greer

ISSN: 0271-8235

Volume: 43

Issues Per Year: 6

Seminars in Neurology is a review journal on current trends in the evaluation, diagnosis, and treatment of neurological diseases. Areas of coverage include multiple sclerosis, central nervous system infections, muscular dystrophy, neuro-immunology, spinal disorders, strokes, epilepsy, motor neuron diseases, movement disorders, higher cortical function, neuro-genetics and neuro-ophthalmology. Each issue is presented under the direction of an expert guest editor, and invited contributors focus on a single, high-interest clinical topic.

Up-to-the-minute coverage of the latest information in the field makes this journal an invaluable resource for neurologists and residents.

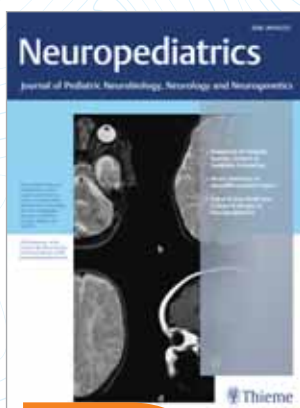

Abstracting and Indexing:

Journal Citation Reports (JCR), Emerging Sources Citation Index (ESCI), Biological Abstracts, BIOSIS, Current Contents/Clinical Medicine, EMBASE, Excerpta Medica, Index Medicus, MEDLINE, Neuroscience Citation Index, Research Alert, Scopus, Scisearch, EBSCO, ProQuest

Neuropediatrics

Journal of Pediatric Neurobiology, Neurology and Neurogenetics

Editor-In-Chief(s):

I. Borggräfe, Munich

ISSN: 0174-304X

Volume: 54

Issues Per Year: 6

For key insights into today's practice of pediatric neurology, Neuropediatrics is the worldwide journal of choice. Original articles, case reports and panel discussions are the distinctive features of a journal that always keeps abreast of current developments and trends - the reason it has developed into an internationally recognized forum for specialists throughout the world.

Pediatricians, neurologists, neurosurgeons, and neurobiologists will find it essential reading.

Good reasons to subscribe:

1. Up-to-date information on cutting edge topics
2. Developments, techniques and topical research
3. Rigorous, independent peer-reviewing system
4. International and esteemed Editorial Board
5. Free online access to the journal with individual subscriptions

Abstracting and Indexing:

MEDLINE, Current Contents/Life Sciences, Science Citation Index, Bio-Sciences Information Services of Biological Abstracts, EMBASE/Excerpta Medica, SCOPUS, Emerging Sources Citation Index (ESCI), EBSCO, ProQuest

Journal of Neurological Surgery

Official Journal of the World Society of Child Science

Editor-In-Chief(s):

Part A: V. Rohde, Göttingen, Germany

ISSN: JNLS-2PACK

Volume: 84

Issues Per Year: 12

The Journal of Neurological Surgery (*JNLS*) is a major monthly publication from the world's leading publisher in neurosurgery. The renowned expertise of *Central European Neurosurgery* (formerly *Zentralblatt fuer Neurochirurgie*), *Minimally Invasive Neurosurgery* and *Skull Base* have been combined and expanded into one journal.

JNLS currently serves as the official organ of several national and international neurosurgery and skull base societies. *JNLS* is a peer-reviewed journal publishing original research, review articles, and technical notes covering all aspects of neurological surgery. The focus of *JNLS* includes microsurgery as well as the latest minimally invasive techniques, such as stereotactic-guided surgery, endoscopy, and endovascular procedures. It is divided into 2 parts, published in alternating issues. Part A covers purely neurosurgical topics and Part B is devoted to the techniques and procedures of skull base surgery.

Official Journal of

- North American Skull Base Society
- German Skull Base Society
- World Federation of Skull Base Societies
- British Skull Base Society
- Japanese Society For Skull Base
- European Skull Base Society
- Korean Skull Base Society

Abstracting and Indexing:

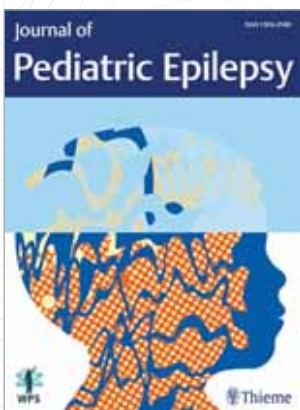

Journal Citation Reports (JCR), Medline, Embase, Scopus, Index Medicus, Science Citation Index Expanded, Current Contents - Clinical Medicine, EBSCO, ProQuest

Manuscript Submission:

JNLS Part A: Central European Neurosurgery - mc.manuscriptcentral.com/jnls-a

JNLS Part B: Skull Base - mc.manuscriptcentral.com/jnls-b

Journal of Pediatric Epilepsy

Official Journal of the World Society of Child Science

Editor-In-Chief(s):

Michael H. Kohrman, Huseyin Caksen

ISSN: 2146-457X

Volume: 12

Issues Per Year: 4

The Journal of Pediatric Epilepsy is an English multidisciplinary peer-reviewed international journal publishing articles on all topics related to epilepsy and seizure disorders, epilepsy surgery, neurology, neurosurgery, and neuropsychology in childhood. These topics include the basic sciences related to the condition itself, the differential diagnosis, natural history, and epidemiology of seizures, and the investigation and practical management of epilepsy (including drug treatment, neurosurgery and non-medical and behavioral treatments). Use of model organisms and in vitro techniques relevant to epilepsy are also acceptable. Journal of Pediatric Epilepsy provides an in-depth update on new subjects and current comprehensive coverage of the latest techniques used in the diagnosis and treatment of childhood epilepsy.
