Description

This well-organized text for rapid clinical and board review contains high-yield facts using a question and answer format that covers all subspecialty topics in otolaryngology. It combines clinically relevant facts with hard-to-remember, commonly tested details and presents them in an easy-to-follow layout that allows clinicians to quickly review large amounts of information.

Key Features:

- More than 9,000 high-yield questions and answers, half provided in the book and the other half online
- Portable for quick reference during downtimes such as in between rounds or while traveling
- Clinical pearls on patient evaluation and management

This review book is a must-have for residents preparing for in-service exams or initial board certification exams as well as seasoned clinicians studying for their MOC Part III re-certification exams.
