### Description

*Synopsis of Surgery* is an essential resource for all undergraduate and postgraduate students. The synoptic form of the book, coupled with appropriately detailed topics, covers surgery in a ready reference format, and will serve as an unparalleled accompaniment to standard textbooks on surgery.

This book covers all topics of surgery comprehensively and is designed to assist students to master the fundamentals, enhance their aptitude for clinical problem solving, and act as a reliable guide for exam preparations. Organized in a well-structured manner, the text is easy to understand. It makes extensive use of tools like lists, notes, and tables to encapsulate information in a crisp and concise manner.

### Features

- ▶ “Bullet-point” presentation provides pertinent information, ensures faster coverage, and assists easy learning and memorization.
- ▶ Surgical notes presented in a student-friendly format reduce revision time before examinations.
- ▶ Illustrations, tables and other supplementary elements facilitate quicker cognition of surgical knowledge, and schematic approach of flowcharts helps in diagnosing and managing important common surgical diseases.
- ▶ At the end of each important topic, highlights are captured in summary boxes to benefit students to revise the concepts quickly.

Developed from the notes of the lectures on surgery delivered by Dr Yogi Ram (at Global Medical Education Center, Global Hospital, Hyderabad, Telangana, India, and at Dr Yogi Ram’s Medical Education Centre, Hyderabad, Telangana, India) from 2002 onwards, this book pays special attention to inquisitiveness of the student community. Demonstrating his rich experience in this field and education, Dr Yogi Ram has himself drawn all illustrations for this book.

### **About the Author**

Yogi Ram Bolisetty, MS, MNAMS, is a general and laparoscopy surgeon since 1978. He has been conducting surgery classes for MBBS students since 2002 at Global Medical Education Center and Yogi Ram's Medical Education Center, Hyderabad, Telangana, India. Dr Yogi Ram also conducts workshops on basic surgical skills for Johnson & Johnson's and Ethicon Institute of Surgical Education, India. He has presented numerous papers and lectures in various state and national conferences. He is also the author of Yogi Ram's Lectures on Surgery and The Art of Surgery.
