Journal of Neuroanaesthesiology and Critical Care (JNACC) is the official publication of the Indian Society of Neuroanaesthesiology and Critical Care, which was founded in 1999 and comprises of more than 500 members across India and overseas. JNACC is a double-blind peer-reviewed journal, which focuses on emerging technologies and clinical developments in the subject area and encourages its authors to submit investigations which enhances the knowledge and understanding of clinicians and students in neuroanesthesia and neuro-critical care.

The journal covers technical and clinical studies related to health, ethical and social issues in the fields of neuroanaesthesia, neuro-critical care, and pain management focusing on research in neurologically impaired patients. The journal mainly focusses on publishing high quality original investigations, review articles, and case reports of unique observations. *JNACC* aims at serving as a platform for advanced education and dissemination of knowledge in the field for practicing clinicians, researchers, and students.

For information about how to submit a manuscript to *JNACC*, including details about the publication fee, please see the author instructions.
