The Journal of Neurological Surgery (JNLS) publishes in two parts:

[*JNLS Part A: Central European Neurosurgery*](#)

[*JNLS Part B: Skull Base*](#)

The Journal of Neurological Surgery Part A: Central European Neurosurgery (JNLS A) is a major publication from the world's leading publisher in neurosurgery. JNLS A currently serves as the official organ of several national neurosurgery societies.

JNLS A is a peer-reviewed journal publishing original research, review articles, and technical notes covering all aspects of neurological surgery. The focus of JNLS A includes microsurgery as well as the latest minimally invasive techniques, such as stereotactic-guided surgery, endoscopy, and endovascular procedures. JNLS A covers purely neurosurgical topics.

The Journal of Neurological Surgery is accompanied by [*JNLS Reports*](#), an Open Access journal for case reports on neurosurgery and skull base surgery.

The Journal of Neurological Surgery is available in print and online. Articles published ahead of print are available via the eFirst service on the [Thieme E-Journals](#) platform.

Official Journal of

Deutsche Gesellschaft fuer Neurochirurgie (German Society of Neurosurgery)
